From Director's Desk

Since its establishment, IIIT Allahabad has been committed to providing quality technical education and conducting scientific research. The institute has an illustrious track record of academic excellence, and its students are highly sought-after by the top employers, globally.

IIIT Allahabad's phenomenal and persistent success on the front of Students' career progression lies partly in the quality of brightest brains and minds it receives as learners from across the country on the basis of competitive JEE Mains scores at Bachelors and GATE scores at Masters.

Only the best and meritorious students are admitted to the institute, and they are challenged to excel in their coursework, through our sincere and rigorous academic/co-curricular systems. The institute, with strong focus on research, encourages even UG to engage into independent research projects.

In addition to its academic excellence, IIIT Allahabad is also known for its strong alumni network and bonding. The alumni, spread world-wide are performing at various positions in the domains of software, electronics, business, and academia, contributing to the sunrise technology development for the mankind. They are also active in giving back to their Alma mater, in terms of providing valuable mentorship to the current students.

I am truly privileged to welcome you to IIIT Allahabad, the Institute which stands for confluence of state-of-art knowledge, relevant skills and right attitude, in the holy city of Prayagraj. I am more than certain that you will appreciate the institute's commitment to the Excellence, its talented students, and its strong alumni network.

On this note, let me welcome you to the upcoming PLACEMENTS SEASON for Academic Year 2023-24, for the batch of students passing out in 2024. As rightly said:

"Coming together is a beginning. Keeping together is progress. Working together is success."

On behalf of all the stakeholders of the Institute, I greet you with an Open Hearted Invitation to Join Hands of Association with IIIT-A for Long-Lasting Relations.

With Best Wishes!

Prof. Mukul Sharad Sutaone
Director
IIIT-Allahabad

Message From TPO

I would like to warmly welcome all current and prospective recruiters to IIIT Allahabad for the recruitment season 2023-24. IIIT Allahabad is a leading technical institute in India, with a strong focus on innovation and problem-solving. Our students are highly skilled and motivated, and they are eager to make a difference in the world. We offer a rigorous academic program that prepares our students for the challenges of the modern workplace. Our curriculum includes a mix of core courses, electives, and hands-on projects. We also encourage our students to participate in extracurricular activities, such as sports, music, and drama. These activities help our students develop well-rounded personalities and leadership skills.

In addition to their academic achievements, our students have a strong track record of success in the job market. In the past year, our students have received offers from top companies in a variety of industries, including technology, finance, and consulting. We are confident that our students will continue to be successful in the future, and we are excited to partner with you to find the best talent for your company.

The Training and Placement Office (TPO) at IIIT Allahabad offers a variety of recruiting services to help both students and recruiters find the right candidates for suitable positions.

These services include:

- On-campus recruiting: We host a variety of events throughout the year that allow you to meet our students and learn more about their skills and experience.
- Online recruiting: We have a robust online recruiting system that makes it easy for you to search for candidates and submit job postings.
- Career counseling: Our career counselors can help you prepare for interviews and negotiate salary offers.

We are committed to providing you with the best possible recruiting experience. If you have any questions or would like to learn more about our services, please contact our Training and Placement Office. We look forward to working with you to find the best talent for your company.

With Best Wishes!

Dr. Muneendra Ojha
Training & Placement Officer
IIIT-Allahabad

About IIIT Allahabad

The Indian Institute of Information Technology Allahabad (IIIT-A) was established in 1999, as a center of excellence in Information Technology and allied areas. The institute was conferred with the "Deemed University" status by the Government of India in the year 2000.

IIIT Allahabad now stands as an institute of international repute, known for being a pioneer in the field of information technology. With its highly experienced and able faculty coupled with the up-to-date course structure, the institute attracts the brightest of the minds each year to its multiple course offerings.

Moreover, with inter-departmental electives, world-class labs, and semester projects, the institute has flourished as a place where creativity and new ideas thrive.

Our Mission

The inception of the Institute has been meticulously crafted with an ambitious vision, aiming to cultivate profound proficiency and proficient human resources in the realm of Information Technology (IT) and its allied domains. Serving as a paramount institution that epitomizes the centralization of IT knowledge and expertise, the establishment of the Indian Institute of Information Technology - Allahabad (IIIT-A) represents a momentous stride undertaken by the esteemed Government of India.

This strategic endeavor aims to fortify the nation's inherent potential and dexterity required to effectively harness the multifaceted dimensions of IT at every echelon, while concurrently fostering unparalleled proficiency necessary to position India as a preeminent contender on the global stage.

Our Students

Undergraduate

The world at IIITA is designed to build fundamentals and cater to industry needs. Exposure to real industry problems are emphasized with the main coax being acknowledgement and enlightenment of students.

90%
JEE

10%
DASA

The criterion for MTech students follows a hefty path through GATE accompanied by stringent written practical's and interviews.

Postgraduate

Facilities

The campus of IIIT Allahabad is well equipped with all the facilities that are required for a smooth conduction of recruitment activities. The placement process has always been congenial owing to the prerequisites that are met by our institute.

The institute has a sprawling campus on 100 acres of lush green lawns and an expanse of rich flora and diverse floriculture. The campus includes Visitors Guest house, Faculty Guest house, VIP Guest House, 5 boys' hostels with a combined capacity of 3000 inmates, 3 girls' hostels, 60 residential quarters of type I, II, III and IV, married scholar apartments, students activity center, health center, squash courts, swimming pool, tennis courts, badminton courts, volleyball courts, pavilion and a central playground.

The institute has excellent physical activity infrastructure for its residents to ensure that academic development is duly supplemented by sufficient physical development as well. A good football ground - complete athletic track, floodlight-equipped basketball, tennis and squash courts, table tennis and many other indoor and outdoor activity places.

Facilities

The institute has a well-established network infrastructure both for local (LAN) as well as access to the Internet, which serves as the backbone of seamless communication and connectivity across the campus. The network spans through every building on the campus using state-of-the-art optical cables, ensuring not only reliable and secure connections but also accommodating high-bandwidth demands for uninterrupted, high-speed internet access 24x7.

The other important buildings that the institute has are the three computer centers with several labs each, lecture halls, a grand auditorium with 1000+ seating capacity, and a state of the art central library containing thousands of books, reading halls and media centers.

The placement office ensures its best hospitality to the recruiters and our records have been remarkable with no issues or controversies in the past.

Why Recruit at IIITA ?

Nation's Best Talent

The Students of B.Tech (IT, IT-BI and ECE) are admitted through JEE Mains and represent the top 0.5% of the candidates appearing for the examination. The ranks for admission in IIITA has improved exponentially over the last few years and thus students at IIITA represent the creamy layer of talent in India.

The M.Tech batch represents the top 2 percentile picked from the coveted GATE exam, which has seen an increased competition over recent years.

World Class Curriculum

The academic curriculum of the institute is one of the best in the country as it is always evolving to keep pace with the ever changing domain and demands of the industry.

The institute enjoys the autonomous stature and has the advantage of world class faculty who with their vast knowledge and huge research experience have consistently produced students with strong fundamentals and expertise in their preferred research area.

Why Recruit at IIITA ?

Superlative Thinking & Coders

The students of IIITA are inclined towards excelling in programming domain and thus the institute has always appeared on the rank boards of coding contests. SPOJ has ranked IIITA 1st in terms of student's interaction.

Students from IIITA each year qualify for premier contests like ACM-ICPC, Google Summer of Code (GSoC), Google Code Jam, etc. The institute's prowess in coding can be understood from the ranking on various coding platforms like TopCoder, CodeChef, HackerEarth, SPOJ and the likes.

Extremely Successful Alumni

The alumni of the institute have gone on to become the leaders in their fields and are doing excellent work, be it by contributing to their organization or by creating their own successful start-ups. Our alumni are actively engaged with the institute and the students, motivating them to perform and excel at whatever they do.

Cutting Edge Infrastructure

The Institute has been conceived with the ambitious objectives of developing professional expertise and skilled manpower in Information Technology (IT) and related areas.

As an apex nucleating institute in the area of IT, the establishment of IIIT-A is a major step of the Government of India towards strengthening the indigenous capability necessary for exploiting profitability and harnessing the multidimensional facets of IT at all levels, and attaining expertise to enable the country to emerge as a leading player in the global arena.

Achievements

Students of IIIT Allahabad have always been right on top of the charts when it comes to accomplishments and winning competitions. IIIT Allahabad has produced ACM-ICPC world finalists. Each year dozens of students qualify for Google Summer of Code -the defacto world standard in open source software development and design.

- National Institute of Ranking Framework (NIRF) 2023, has placed IIIT Allahabad at 89th spot amongst the top 100 Engineering Institutions in the country.
- India Today (2022) has ranked IIIT Allahabad at 9th spot among all Top Govt. Engineering colleges in India, including IITs, NITs, and IIITs.
- Outlook India (2022) has ranked IIIT Allahabad at 19th spot among all Top Govt. Engineering colleges in India, including IITs, NITs, and IIITs.
- IIIT Allahabad was ranked 89 in BRICS by the QS World University Rankings of 2021.
- IIIT Allahabad was ranked 322 in Asia by the QS World University Rankings of 2021.

Student's Life

IIIT Allahabad stands on the surprisingly strong pillars of the determination and talent of its students who play a pivotal role in shaping the destiny of the institute. We are fortunate to have academically meticulous students who are equally involved in extracurricular activities. The students have the potential and facilities to groom their skills and portray their talent.

A wide variety of activities ranging from inter campus to national are organized by our industrious students. The students' Gymkhana is an elected students' body which addresses students' grievances and voices them to the concerned authorities. It also plays a major role in organizing various events and managing the funds and sponsoring.

The various events and initiatives by the students of IIITA are:

Prayaas

Prayaas is an earnest attempt to bring sunshine to wearisome lives. It is a volunteer movement initiated by the student fraternity of IIIT-Allahabad to ameliorate the life of underprivileged kids.

Prayaas is carried forward by the students each year thus inculcating a social responsibility and moral duty.

Student's Life

Effervescence

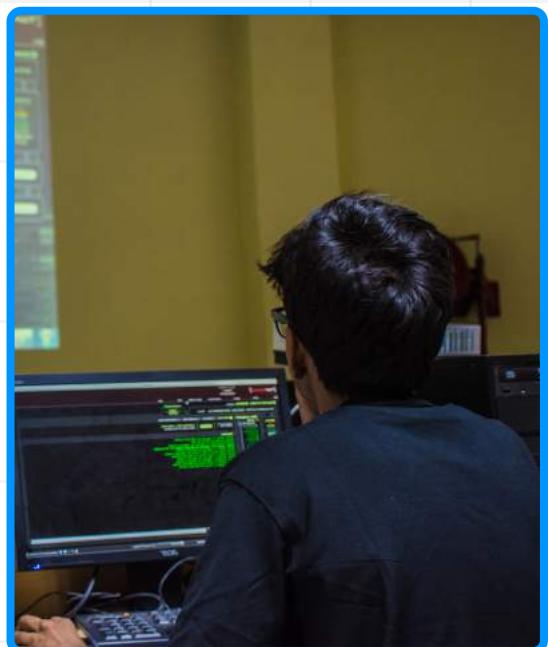

A grand and energetic environment is witnessed during this 3-day fest where students from various colleges participate in cultural competitions. A plethora of competitions for variegated students are organized. Eminent and distinguished artists arrive to electrify this majestic commemoration of student fervor. The fest becomes a melting pot of talent, creativity, and cultural diversity, fostering an atmosphere of unity and celebration among the students.

Aparoksha

Technical Festivals are a great medium to inculcate these technological advancements in young minds and thus feeding an arduous tomorrow.

Following this ideology, Aparoksha, the annual technical fest of IIITA is organized in order to provide a platform for young talented minds to develop new skills, exhibit their talent and also to spread their learning amongst masses.

Student's Life

Sports Meet

Several students represent IIIT-A in various inter college sports events. The spirit of sports is celebrated annually in our sports fest ASMITA which comprises various events including athletic events, matches, etc. Students indulge in sports such as football, basketball, cricket, swimming, etc.

The institute provides facilities to all its students to indulge in sports and physical activities.

Societies

There are many societies which promote the talents and hobbies of the students while giving them proper direction and facilities to take it forward to another level.

The various societies are: Literary Society, Acoustics & Media Society, Drama Society, Music Society, Dance Society, Fine Arts Society, Technical Society.

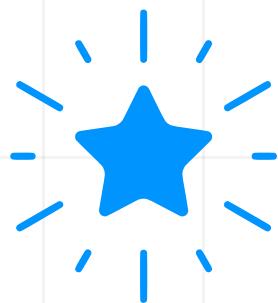

Collaborations

Centre for Excellence

- Defense Research & Development Organisation (DRDO)
- Indian Space Research Organization (ISRO)
- Indo-Russian Centre for Biotechnology (IRCB)
- Information Security Education and Awareness (ISEA)
- TCS Research Scholar Program
- Foreign projects with CMU and MICT

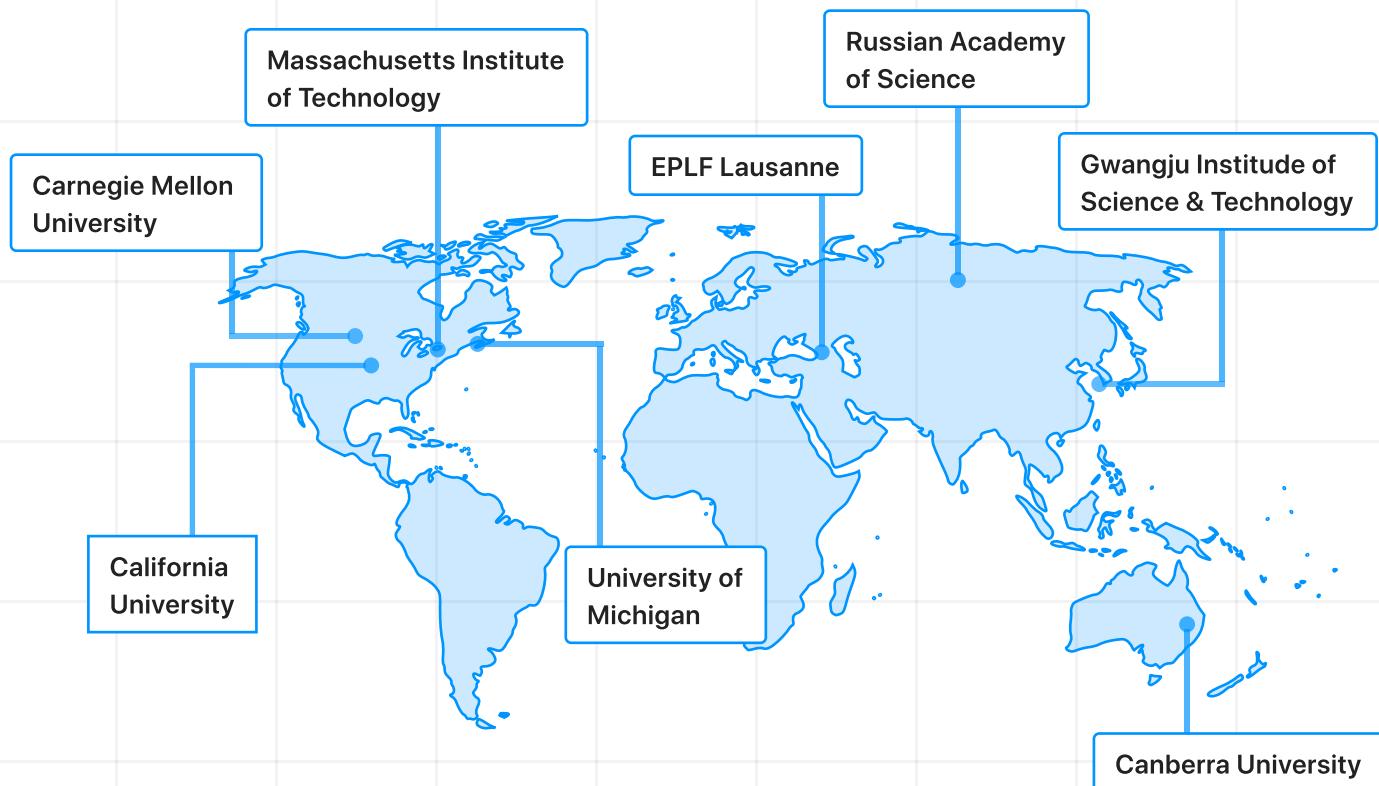

Our Alumni Around the Globe

IIT Allahabad is renowned for its strong research and development collaborations with the domestic industry, distinguishing it as one of the few engineering schools in the country.

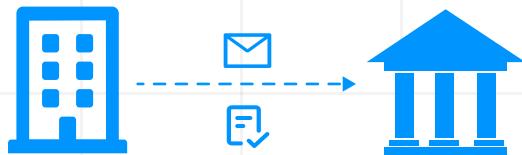

Additionally, the institution boasts extensive research linkages with leading technology universities overseas, positioning it as a hub for global academic partnerships and fostering innovation on an international scale.

Placement Procedure

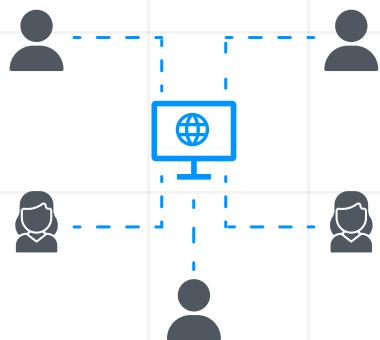

The Training and Placement Office, IIITA sends invitations along with the Job Notification Forms (JNF) to organizations to participate in campus placements.

Organizations fill the JNF (available both online and offline) with the details of the job offer(pay package, place of posting, allowances, and other bonuses). JNF can be sent by email to Training and Placement Office, IIITA.

[\(placements@iiita.ac.in\)](mailto:placements@iiita.ac.in)

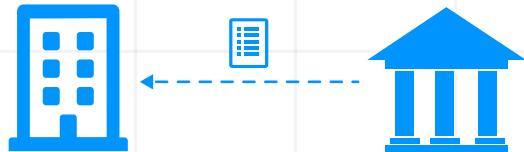

The organization details along with the job offer is made available to students on a private portal, requesting them to apply.

The Training and Placement Office, IIITA, allots date(s) to the organization for campus placements with mutual consultation. The organization confirms the date(s) to the Training and Placement Office, IIITA.

Placement Procedure

The list, details, and resumes(on request) of students who have applied, are made available to the organization.

Organization conducts their tests and/or interviews on the allotted date(s) as per their recruitment process(Online/Offline).

The organization is expected to furnish the final list of selected candidates at the end of the assigned interview slot.

The Training and Placement Office, IIITA also coordinates the signing of offer letter by students who have been selected to ensure the smooth closure of the recruitment process.

How To Reach

The IIITA Campus is located at Devghat Jhalwa (Peepalgaon Road), which is on the outskirts of Allahabad. It is 10 kilometers from the town center and 7 kilometers from the main railway station.

The city of Allahabad is well connected by air, rail and road to nearby metros. Railway services to this city from all the megacities of the country are excellent and quite comfortable

Accommodation and conveyance can be arranged by the institute on prior notification.
