## FROM DIRECTOR'S DESK

Welcome to Indian Institute of Information Technology, Allahabad, a center of excellence where we nurture young talent in different fields of Information Technology.

Our major emphasis for imparting training is to encourage curiosity and innovation and lay a foundation through which they can acquire learning abilities and adapt with the ever changing world.

All our programs are flexible and modern. They offer superb research training along with a strong and up to date curriculum of course work. Our laboratories are equipped with state of the art equipment and software. They provide a very stimulating environment and are kept accessible to the students round the clock.

The students therefore, have a great amount of exposure to all the facilities that are required to groom them and make them fit for survival in the highly competitive environment of the industry.

We look forward to working with your organization and welcome you to the on-campus placements of the batch 2023 as on campus recruiters.

With Best Wishes!

**Prof. R.S. Verma  
Director (Acting)  
IIIT Allahabad**

# MESSAGE FROM THE TPO

In a short span of 23 years, IIIT Allahabad has established itself as one of the most sought after destinations for aspiring technologists all over India. We attract the most exemplary students for our Bachelors's and Masters's programs. Over the years, we have met the increasing demands of the industry by nurturing some of the best engineers and developers the country has to offer.

We have stuck to a rich tradition of seeking excellence while constantly evolving in terms of the academic. Programmes we offer highly competent talent in order to meet the demands of an ever-metamorphosing industry.

We have also tirelessly worked towards strengthening the indigenous capabilities needed to harness the multidimensional facets of Information Technology and its allied areas. For all-round development of students, we offer a modular course design coupled with several opportunities for industrial training, which gives our students the freedom needed to tailor their learning experience to match their needs. This has helped us produce several acclaimed alumni who have made noteworthy contributions to the Information Technology industry at the national and international levels. Our alumni are often sought after for coveted positions in the Industry.

We highly value our partnership with recruiters and continue to maintain a commendable recruitment record. Our graduates and postgraduates have been selected by leading national and multinational corporations. We remain committed to making your recruiting experience productive & positive and to strive to provide you with the best facilities and talent. We feel privileged to invite your esteemed organization as an on-campus recruiter for the 2022-23 placement and career development session.

I believe that you as the recruiting organization and our graduating students will find the best match between your needs and their capabilities.

**Dr. Vineet Tiwari**  
**Faculty In-charge**  
**Training & Placements**

# THE INSTITUTE

The Indian Institute of Information Technology Allahabad (IIIT-A) was established in 1999, as a center of excellence in Information Technology and allied areas. The institute was conferred with the "Deemed University" status by the Government of India in the year 2000..

IIIT Allahabad now stands as an institute of international repute, known for being a pioneer in the field of information technology. With its highly experienced and able faculty coupled with the up-to-date course structure, the institute attracts the brightest of the minds each year to its multiple course offerings. Moreover, with inter-departmental electives, world-class labs, and semester projects, the institute has flourished as a place where creativity and new ideas thrive.

## MISSION

The Institute has been conceived with the ambitious objectives of developing professional expertise and skilled manpower in Information Technology (IT) and related areas. As an apex nucleating Institute in the area of IT, the establishment of IIIT-A is a significant step of the Government of India towards strengthening the indigenous capability necessary for exploiting profitability and harnessing multidimensional facets of IT at all levels, and attaining expertise to enable the country to emerge as a leading player in the global area.

## UNDERGRADUATE

The world at IIITA is designed to build fundamentals and cater to industry needs. Exposure to real industry problems are emphasized with the main coax being acknowledgement and enlightenment of students.

**90%**

JEE

**10%**

DASA

## POSTGRADUATE

The criterion for M.Tech. students follows a hefty path through GATE accompanied by stringent written practicals and interviews.,

## FACILITIES

The campus of IIIT Allahabad is well equipped with all the facilities that are required for a smooth conduction of recruitment activities. The placement process has always been congenial owing to the prerequisites that are met by our institute.

The institute has a sprawling campus on 100 acres of lush green lawns and an expanse of rich flora and diverse floriculture. The campus includes Visitors Guest house, Faculty Guest house, VIP Guest House, 5 boys' hostels with a combined capacity of 3000 inmates, 3 girls' hostels, 60 residential quarters of type I, II, III and IV, married scholar apartments, students activity center, health center, squash courts, swimming pool, tennis courts, badminton courts, volleyball courts, pavilion and a central playground.

# FACILITIES

The institute has excellent physical activity infrastructure for its residents to ensure that academic development is duly supplemented by sufficient physical development as well. A good football ground - complete athletic track, floodlight-equipped basketball, tennis and squash courts, table tennis and many other indoor and outdoor activity places.

The institute has a well established network infrastructure both for local (LAN) as well as access to the Internet. The network spans through every building on the campus using optical cables where high quality equipment have been installed for high speed internet 24x7.

The other important buildings that the institute has are the three computer centres with several labs each, lecture halls, a grand auditorium with 1000+ seating capacity, and a state of the art central library containing thousands of books, reading halls and media centres. The placement office ensures its best hospitality to the recruiters and our records have been remarkable with no issues or controversies in the past.

# **B.TECH. (4 YR. COURSES)**

## UNDERGRADUATE

- **B.Tech in Information Technology**
- **B.Tech in Information Technology  
(Specialization in Business Informatics)**
- **B.Tech in Electronics and Communication Engineering**

# DEMOGRAPHICS

# POSTGRADUATES

- █ Software Engineering
- █ Human Computer Interaction
- █ Data Engineering
- █ Machine Learning and Intelligent Systems
- █ Robotics
- █ Generic Information Technology
- █ Cyber Law and Information Security
- █ Bio Informatics
- █ Electronics and Communication

# NATION'S BEST TALENT

The Students of B.Tech (IT, IT-BI and ECE) are admitted through JEE Mains and represent the top 0.5% of the candidates appearing for the examination. The ranks for admission in IIITA has improved exponentially over the last few years and thus students at IIITA represent the creamy layer of talent in India.

The M.Tech batch represents the top 2 percentile picked from the coveted GATE exam, which has seen an increased competition over recent years.

# WORLD CLASS CURRICULUM

The academic curriculum of the institute is one of the best in the country as it is always evolving to keep pace with the ever changing domain and demands of the industry. The institute enjoys the autonomous stature and has the advantage of world class faculty who with their vast knowledge and huge research experience have consistently produced students with strong fundamentals and expertise in their preferred research area.

WHY RECRUIT AT IIITA?

## SUPERLATIVE THINKING AND CODERS

The students of IIITA are inclined towards excelling in programming domain and thus the institute has always appeared on the rank boards of coding contests. SPOJ has ranked IIITA 1st in terms of students' interaction. Students from IIITA each year qualify for premier contests like ACM-ICPC, Google Summer of Code, Google Code Jam, etc. The institute's prowess in coding can be understood from the ranking on various coding platforms like TopCoder, CodeChef, HackerEarth, SPOJ and the likes.

## EXTREMELY SUCCESSFUL ALUMNI

The alumni of the institute have gone on to become the leaders in their fields and are doing excellent work, be it by contributing to their organization or by creating their own successful start-ups. Our alumni are actively engaged with the institute and the students, motivating them to perform and excel at whatever they do.

# CUTTING EDGE INFRASTRUCTURE

The Institute has been conceived with the ambitious objectives of developing professional expertise and skilled manpower in Information Technology (IT) and related areas. As an apex nucleating institute in the area of IT, the establishment of IIIT-A is a major step of the Government of India towards strengthening the indigenous capability necessary for exploiting profitability and harnessing the multidimensional facets of IT at all levels, and attaining expertise to enable the country to emerge as a leading player in the global arena.

WHY RECRUIT AT IIITA?

# ACHIEVEMENTS

Students of IIIT Allahabad have always been right on top of the charts when it comes to accomplishments and winning competitions. IIIT Allahabad has produced ACM-ICPC world finalists. Each year dozens of students qualify for Google Summer of Code -the de facto world standard in open source software development and design.

- National Institute of Ranking Framework (NIRF) has placed IIIT Allahabad on top among all other IIITs (MHRD)
- India Today has ranked IIIT Allahabad at 10th spot among all engineering colleges in India, including IITs, NITs, and IIITs.
- Outlook India has ranked IIIT Allahabad at 18th spot among all engineering colleges in India, including IITs, NITs, and IIITs.
- IIIT Allahabad was ranked 89 in BRICS by the QS World University Rankings of 2021
- IIIT Allahabad was ranked 322 in Asia by the QS World University Rankings of 2021.

IIIT Allahabad stands on the surprisingly strong pillars of the determination and talent of its students who play a pivotal role in shaping the destiny of the institute. We are fortunate to have academically meticulous students who are equally involved in extracurricular activities. The students have the potential and facilities to groom their skills and portray their talent.

A wide variety of activities ranging from inter campus to national are organized by our industrious students. The students' Gymkhana is an elected students' body which addresses students' grievances and voices them to the concerned authorities. It also plays a major role in organizing various events and managing the funds and sponsoring.

The various events and initiatives by the students of IIITA are:

## PRAYAAS

Prayaas is an earnest attempt to bring sunshine to wearisome lives. It is a volunteer movement initiated by the student fraternity of IIIT-Allahabad to ameliorate the life of underprivileged kids. It is carried forward by the students each year thus inculcating a social responsibility and moral duty.

## EFFERVESCENCE

A grand and energetic environment is witnessed during this 3-day fest where students from various colleges participate in cultural competitions. A plethora of competitions for variegated students are organized. Eminent and distinguished artists arrive to electrify this majestic commemoration of student fervor.

## APAROKSHA

Technical Festivals are a great medium to inculcate these technological advancements in young minds and thus feeding an arduous tomorrow. Following this ideology, Aparoksha, the annual technical fest of IIITA is organized in order to provide a platform for young talented minds to develop new skills, exhibit their talent and also to spread their learning amongst masses.

## SPORTS MEET

Several students represent IIIT-A in various inter college sports events. The spirit of sports is celebrated annually in our sports fest ASMITA which comprises various events including athletic events, matches, etc. Students indulge in sports such as football, basketball, cricket, swimming, etc. The institute provides facilities to all its students to indulge in sports and physical activities

## SOCIETIES

There are many societies which promote the talents and hobbies of the students while giving them proper direction and facilities to take it forward to another level. The various societies are: Literary Society, Acoustics & Media Society, Drama Society, Music Society, Dance Society, Fine Arts Society, Technical Society

# CENTRE FOR EXCELLENCE

- Defense Research & Development Organisation (DRDO)
- Indian Space Research Organization (ISRO)
- Indo-Russian Centre for Biotechnology (IRCB)
- Information Security Education and Awareness (ISEA)
- TCS Research Scholar Program
- Foreign projects with CMU and MICT

COLLABORATIONS

## OVERSEAS LINKS

IIT Allahabad is one of the few engineering schools in the country to have a large number of R&D collaborations with the domestic industry and most research linkages with the leading technology universities overseas, some of them being:

# PLACEMENT PROCEDURE

The Training and Placement Office, IIITA sends invitations along with the Job Notification Forms (JNF) to organizations to participate in campus placements.

Organizations fill the JNF (available both online and offline) with the details of the job offer (pay package, place of posting, allowances, and other bonuses). JNF can be sent by email to Training and Placement Office, IIITA ([placements@iiita.ac.in](mailto:placements@iiita.ac.in))

# PLACEMENT PROCEDURE

The organization details along with the job offer is made available to students on a private portal, requesting them to apply.

The Training and Placement Office, IIITA, allots date(s) to the organization for campus placements with mutual consultation. The organization confirms the date(s) to the Training and Placement Office, IIITA.

The list, details, and resumes (on request) of students who have applied, are made available to the organization.

Organization conducts their tests and/or interviews on the allotted date(s) as per their recruitment process (Online/Offline).

# PLACEMENT PROCEDURE

The organization is expected to furnish the final list of selected candidates at the end of the assigned interview slot.

The Training and Placement Office, IIITA also coordinates the signing of offer letter by students who have been selected to ensure the smooth closure of the recruitment process.

The IIITA Campus is located at Devghat Jhalwa (Peepalgaon Road), which is on the outskirts of Allahabad. It is 10 kilometers from the town center and 7 kilometers from the main railway station.

The city of Allahabad is well connected by air, rail and road to nearby metros.

Railway services to this city from all the megacities of the country are excellent and quite comfortable

Accommodation and conveyance can be arranged by the institute on prior notification.
